

## Well of love

There was no water at Trenčín Castle.  
They carried it in buckets, up expensive stairs.

They didn't have a well there,  
it was impossible to get to the bottom,  
for there was only a stone,  
the well shouted, "I am amen"!

The castle lord had a dry mouth,  
you shouldn't have washed your clothes.

He was still walking icy,  
he growled at both men and women.

Then a donkey came before the castle,  
on which Omar was riding.

He shouted that to the team,  
he needs Fatima  
your secret love from the heritage,  
what makes a housewife here.

The lord of the castle said to him,  
that he already has a different plan with her

But that she would give Fatima,  
when he digs a well himself.

Omar is not lazy at all,  
cuts a well in the stone.  
Eventually, the rock yields,  
water gushes out of the ground,  
in which love springs.

This story is still alive,  
the castle lord drinks from the spring.

And Fatima with Omar?  
They returned to Persia.
